

FROM THE DESK OF THE PRINCIPAL

Dear Parents:

Children look forward to special days like a festive occasion – one of them being “Children’s Day”. They wish to be treated special, expect love, care and attention which makes them feel on the top of the world.

The corona virus pandemic and various SOP’s led to school closures and on-line classes and activities thus depriving the children from meeting with their fellow students, socializing and playing field games etc.

This year, we at Our Lady of Fatima School are planning a program on Monday, November 22, 2021, so that we can make this Children’s Day special for your child with simple activities that can put a big smile on your child’s face.

The children will come to school in colourful dresses (please do not buy a new one) as our theme is “The Rainbow” which will bring harmony, peace, healing and life. A small sharing will be held in the class.

The school will close by 11.30 am on Monday (22nd November) and Tuesday (23rd November) only – timings 7.40 to 11.30. On Tuesday we have the Measles Vaccination Campaign.

We are also planning to help the under privileged / old people who need our love and attention. Our theme for this year is “Joy of Sharing”. Kindly do contribute to this cause in a small way.

Thank you
